COUNTY-CITY BUILDING Telephone: (402) 441-7410
LINCOLN, NEBRASKA 68508 FAX : (402) 441-6513
BOARD OF COMMISSIONERS

ADDENDUM #1

Issue Date: 07/15/02

SPECIFICATION NO. 02-122

FOR

INMATE PHONE SERVICES FOR COUNTY CORRECTIONS

Addenda (or addendum if singular) are written instruments issued by the County prior to the date for receipt of offers which will modify or interpret the specification document by addition, deletion, clarification or correction. Please acknowledge receipt of this addendum in the space provided on your bidding document.

Be advised of the following changes to the County's specification and bidding documents:

1. CHANGE: The proposal opening deadline shall be changed to (see pages 1 & 2 of the specification package):
PROPOSAL OPENING: 12:00 Noon CDST, Wednesday, July 24, 2002
2. CLARIFICATION: Any visitation phones which have been replaced by the Successful Contractor during the contract period shall become the property of the County at the end of the contract term. Contractor will also be responsible for the maintenance, repair and ongoing upkeep of the visitation phone system. With County concurrence the contractor will be allowed to install suitable durable visitation phones that will minimize the need for ongoing service. We do not have accurate service records on these phones in particular, but do know that service is required collectively on the inmate and visitation phones on average two to three times a month.
3. Page 28, 4.5 - The County shall appoint a designee to review any and all records associated with the Inmate Phone System provided. This inspection shall include their Nebraska licence to do business, certification from the Nebraska Public Service Commission (NPSC) and the tariff rate form filed with the NPSC.

COMMISSIONERS

KATHY CAMPBELL * LARRY HUDKINS * RAY STEVENS * BERNIE HEIER * BOB WORKMAN
KERRY EAGAN, Chief Administrative Officer

4. CLARIFICATION: Each phone shall be on a totally separate line.
5. Page 18, 4.3 - After "Workers dorm phone count of two (2) wall units" the **total shall be changed to 24, in addition to this the contract requires 4 mobile cart phones at the jail booking area and 8 wall phones at LCF for a total of: 36 inmate phones plus the visitation phone system.**
6. ADDITIONAL INFORMATION: See attached summary of Inmate call activity (supplied by our current provider) for **June 2002**, totals are as follows:
 - 6.1 Total calls: 11,589
 - 6.2 Total minutes: 112,534
 - 6.3 Average length of call: 10 minutes
7. Page 21, 4.2 - The County is aware of other Inmate Phone Systems that have integrated a court date notification software program (into their Phone System) that automatically contacts an offender as a reminder of upcoming court date. We are very interested in a similar system which should provide the corrections department with value added benefits in reducing incarceration as a result of missed court dates and reduce wasted court time.
 - 7.1 Unfortunately we do not have a great deal of information about this innovative program, however we can say with certainty, it would be the County's responsibility to integrate any proposed software with our existing VINE works system.
 - 7.2 Any system proposed should be VINE compatible to provide easy facilitation of integration to our court records without duplicate entry.
8. Page 13, 7. - It is the County's desire to have access to local reporting. We would like to have at least three sites at our location to have the appropriate security to access the county data via our existing PC's (on our LAN) where searches and ad hoc reporting can be done.

All other terms, conditions and requirements of the request remain the same as originally indicated in the document or as modified on previous addenda.

Kathy A. Smith
Assistant Purchasing Agent
